

## **CURRICULUM VITAE (5-Page) GUYATT, Gordon Henry, MD, MSc, FRCP(C) OC**

**Business Address:** McMaster University, 1280 Main Street West, Hamilton, ON L8S 4L8 [guyatt@mcmaster.ca](mailto:guyatt@mcmaster.ca)

### **FACULTY APPOINTMENTS**

- 2010-Present Distinguished Professor, Department of Health Research Methods, Evidence and Impact (formerly the Department of Clinical Epidemiology and Biostatistics); and Department of Medicine, McMaster University
- 1990 Visiting Professor, Le Doyen de la Faculté de Médecin, Centre de Diagnostic Hôpital, Broussais, Paris, France
- 1991 – 2016 Professor, Department of Clinical Epidemiology and Biostatistics and Department of Medicine, McMaster University
- 1987 – 1990 Associate Professor, Department of Clinical Epidemiology and Biostatistics and Department of Medicine, McMaster University
- 1983 – 1987 Assistant Professor, Department of Clinical Epidemiology and Biostatistics and Department of Medicine, McMaster University

### **EDUCATIONAL BACKGROUND**

- 1982 - 1983 M.Sc. Design, Measurement and Evaluation, School of Graduate Studies, McMaster University
- 1982 - 1983 Fellow Medical Research Council
- 1981 - 1982 McMaster University, Hamilton, second year residency in Respiratory Medicine
- 1980 - 1981 McMaster University, Hamilton, fourth-year residency in Internal Medicine. Served as Chief Medicine Resident, St. Joseph's Hospital, Obtained FRCP(C), Internal Medicine
- 1979 - 1980 McMaster University, Hamilton, first year residency in Respiratory Medicine
- 1978 - 1979 Toronto Western Hospital, Toronto, second year residency in Internal Medicine
- 1977 - 1978 Women's College Hospital, Toronto, straight internship in Internal Medicine
- 1974 - 1977 M.D. McMaster University, Faculty of Health Sciences
- 1971 - 1974 Victoria College, University of Toronto, B.Sc. in Psychology and English

### **PERSONAL AWARDS (Past 5 Years)**

- 2022 Individual Award, Einstein Foundation Award for Promoting Quality Research, Einstein Foundation, Berlin Germany
- 2022 Honorary PhD, University of Helsinki, Faculty of Medicine
- 2021 - 2022 Department of Medicine Teaching Award recognizing dedication and excellence in graduate studies, McMaster University
- 2021-2022 Certificate of Adjunct Professor of Evidence Based Medicine, Princess Srisavangavadhana College of Medicine, Chulabhorn Royal Academy, Bangkok, Thailand
- 2021 Honorary Professor, Pontificia Universidad Javeriana, Bogotá, Colombia
- 2019 Hamilton Gallery of Distinction Award
- 2017 Wallace H. Coulter Distinguished Lecture Award, International Society for Laboratory Hematology

### **PROFESSIONAL ORGANIZATIONS**

Canadian Medical Protective Association  
Canadian Society of Clinical Investigation  
Fellow, American College of Chest Physicians  
Canadian Society of Internal Medicine  
International Society for Quality-of-Life Research (ISOQOL)

## **AREAS OF INTEREST (Research)**

1. Measuring quality of life in patients with chronic disease
2. Measuring effectiveness of therapy in patients with chronic disease
3. Health Technology Assessment
4. Systematic Overview Methodology
5. Evidence-based health care
6. Guidelines development

## **PEER REVIEWED PUBLICATIONS:**

Full List of Published Work – can be found at: <https://www.ncbi.nlm.nih.gov/pubmed/?term=Guyatt+G>

## **CURRENT RESEARCH PROJECT INVOLVEMENT:**

*Re-Evaluating the Inhibition of Stress Erosions in the ICU*

*Fluids in septic shock (FISSH): a randomized controlled trial*

*Evaluation of the group decision making process of clinical guidelines panels*

*Management of Bleeding Emergencies in Patients with Immune Thrombocytopenia*

*COVID-19 Evidence Network to support Decision-making (COVID-END)*

*Development of evidence-based decision support for the management of COVID19*

*Lessening Organ Dysfunction with Vitamin C (LOVIT)*

*Lessening Organ Dysfunction with Vitamin C for COVID (LOVIT-COVID)*

*The TOGETHER Trial: A study to evaluate therapeutics for early infection of COVID-19*

*Improving methods for the determination of minimal important difference estimates for patient-reported outcomes and their application in clinical research and decision-making*

*Predictors of Prolonged Recovery Following Acceptance for Disability Benefits: A Systematic Review and Meta-Analysis of Observational Studies*

*Understanding the Global Burden of Disease of Skeletal Fractures: the International Orthopaedic Multi-Center Study (INORMUS)*

*Minimizing perioperative bleeding and hypotension to reduce postoperative delirium and cognitive decline after noncardiac surgery: the cogPOISE-3 randomized controlled trial*

*Vascular events In noncardiac Surgery patients' cOhort evaluationN study-2 (VISION-2)*

*Living network meta-analysis and rapid recommendations for the treatment of COVID-19*

*The HeLiX Trial: A Randomized Controlled Trial of Tranexamic Acid Versus Placebo to Reduce Perioperative Blood Transfusion in Patients Undergoing Liver Resection*

*Advancing the Care of Patients with Musculoskeletal Injuries Worldwide through Multi-National Research Initiatives*

*Fluids in Septic Shock (FISSH): a randomized controlled trial*

*IMPROVE: Improving Outcomes Of Critically Ill Patients*

*Improving clinical practice recommendations for late preterm antenatal corticosteroids: incorporating a decision support tool to tackle the uncertain balance of risks and benefits*

*Tree nut immunotherapy Route Assessment and DEvelopment (TRADE), a proof-of-principle 3-arm randomized trial*

*HIP fracture Accelerated surgical TreatTment And Care tracK (HIP ATTACK) trial - 2*

*Guideline for cannabis use in chronic pain*

*Creating a Novel Critical Care Outcome: Patient Important Bleeding in the ICU*
